PROPOSAL LANDSCAPE TEMPLATE

THANK YOU!
FOR PURCHASING THIS
TEMPLATE.

To edit text or images in Adobe InDesign, you can follow these steps:

Editing Text:

1. Open Adobe InDesign and open the document containing the text you want to edit.
2. Select the "Type" tool from the toolbar on the left-hand side. It looks like a capital letter "T."
3. Click and drag the cursor over the text you want to edit to select it. Alternatively, you can double-click on a text frame to select all the text inside it.
4. Make the desired changes to the selected text. You can change the font, size, color, alignment, and other formatting options using the options in the Control panel or Character panel at the top of the screen.

Editing Images:

1. Open Adobe InDesign and open the document containing the image you want to edit.
2. Select the "Selection" tool from the toolbar on the left-hand side. It looks like a solid arrow.
3. Click on the image you want to edit to select it. Handles or bounding boxes will appear around the image.
4. To resize the image, click and drag any of the corner handles while holding the Shift key to maintain the aspect ratio.
5. To move the image, click and drag it to the desired position on the page.
6. To replace the image with a new one, right-click on the selected image and choose "Replace Image." Browse your computer for the new image and select it.

Additionally, you can apply various image adjustments and effects by using the options available in the Control panel or by right-clicking on the image and selecting "Effects."

Remember to save your changes regularly while working in Adobe InDesign to avoid losing any modifications.
