FAQ

How do you edit layouts in Google Slides?

On your Android phone or tablet, open a presentation in Google Slides

1. Double-tap the slide you want to change.
2. Tap More .
3. Tap Change layout.
4. Tap the layout you want to use.

Change the theme, background, or layout in Google Slides

You can customize how your presentation looks in Google Slides by changing the theme, background, or layout.

- **Theme:** A preset group of colors, fonts, background, and layouts.
- **Background:** The picture or color behind your slide's content.
- **Layout:** The way your text and images are arranged on a slide.

Change background image

You can add an image saved in Google Drive or on your computer, then apply it to one slide or the whole presentation.

1. On your computer, open a presentation in Google Slides
2. Choose a slide.
3. At the top, click **Slide ► Change background**.
4. To the right of "Image," click **Choose**.
5. Choose an image, then click **Select**.

To add the image to one slide, click Done.

To add the image to the whole presentation, click Add to theme.
