Scientific Report PowerPoint Template

The Scientific Report template offers a professional look for your unique MS PowerPoint slideshows. It includes 32 masters in 2 slide sizes, which allows you to choose the best layout for your information. The template can be opened and edited in MS PowerPoint for Mac 2011 or later as well as MS PowerPoint for Windows 2007 or later.

Most objects in the template can be easily recolored, reshaped, moved, or removed. You can change the background to a color, gradient, or photo with simple modifications. Type or paste your own text, add and remove text boxes, and change the font if you wish. Edit the media placeholders to replace the stock images with your own photos or pictures.

What is included
