F.A.Q

Q: How to edit static element (e.g page number, header, footer, whatever that can't be edited in regular slide) ?

A: Those stuff are located in the 'Master Slide', please follow instruction bellow..

for Keynote Template : Simply double-click the object, then you'll be directed to '**Master Slide**'

for Powerpoint Template : on the top menu choose '**View**' > '**Master**' > '**Slide Master**'

Q: Where's the image / stock photos in the preview? i don't see them in the downloaded package.

A: Due to Envato rules, we can NOT add them in the downloadable assets. But most of them i get from Pexels.com, Unsplash.com, Adobe Stock, or Shutterstock.com
